QUALITY POLICY

Structural Renovations Limited specialise in the repair and renovation of all types of structure, including concrete, brickwork and timber in London and the Home Counties.

The quality policy of Structural Renovations Limited is to carry out its business in a manner which promotes customer satisfaction. The Company has established a quality system which has been derived in conjunction with all management / operational functions and which is described in its Quality "Strategy" Manual, QMS1. The quality system is designed to ensure that clients' interests are fully recognised through the planned and controlled execution of all activities. Quality assurance is the individual responsibility of all staff who are required to ensure that quality is not compromised in the performance of their various duties.

The quality system is based upon the requirements of the British, European and International Quality System Standard: BS EN ISO 9002:1994. It is structured and controlled by the Quality Manager who is responsible for verifying its full and effective implementation by monitoring objective evidence of quality.

March 2009

ANDREW MUIRHEAD
Managing Director
